TALK WITH WEYLER.

Cuba's Captain General Submits to an Interview.

OF COURSE IT IS SPANISH NEWS.

Various Reasons Assigned For His Return. What He Says—The Competitor's Crew Not Subjected to Secret Trials Is the Belief of State Officials in Washington. Other Dispatches Relating to the War.

HAVANA, Nov. 25.—The unexpected arrival here of Captain General Weyler from the province of Pinar del Rio without having been successful in bringing about an engagement of any importance with the insurgents under Antonio Maceo is causing comment here and there are many rumors in circulation. On one side it is asserted that Weyler's return means that he will shortly return to Spain on some plea or another. Officially, however, this is denied. The impression prevails, however, that there will shortly be important changes here.

In an interview the captain general was asked for an expression of opinion as to the course of the campaign and he said: "I am contented with it. We entered Rabi, hoping to give battle to the combined insurgents' forces, and you know the result. They went southward, much to our regret. Maceo himself went toward Mocurriyas, Mayari and Corojal da Yaniguas. Nevertheless, our columns, in two divisions, arrived without firing a single shot and only saw a band of about 150 insurgents in the woods near San Luis."

The captain general was then asked if he knew the whereabouts of Antonio Maceo at present. He answered: "His whereabouts is not known. The truth is that the insurgents were not found in the mountains nor on the plains. Nevertheless they boast that our troops always fly before them."

"When will you return?" asked the correspondent.

The captain general smiled and said: "I can never say what I shall do. General Munoz will take charge of the division as soon as his health is re-established."

The captain general also took the opportunity to warmly praise Generals Munoz, Esclaguna, Obregon, Bernal, Aguilera, Suarez, Yuelan, Hernandez and Velasco.

In insurgent circles it is said that their leaders claim that the return of the captain general to Havana without bringing about an engagement with Maceo is equivalent to a defeat of the Spanish forces, for the latter have completely failed to carry out the program mapped out by the Spanish commander, and he has returned here in every way unsuccessful.

It is asserted that the plan of Maceo was to avoid a general engagement with the Spanish troops, as he feels confident that the wearisome campaign being conducted by the Cubans must ultimately exhaust the Spaniards and bring about the concessions of all or nearly all the demands of the insurgents.

COMPETITOR PRISONERS.

No Report Made of Their Trial to the State Department.

WASHINGTON, Nov. 25.—The state department has received absolutely no information of any kind from Havana or elsewhere concerning the report that the Competitor prisoners have been tried in Moro castle by a secret and summary court-martial. Under these circumstances no statement will be made at the department concerning the report, but in view of the plain provisions of our treaty and also of the clear requirements of the domestic laws of Spain, the officials are loath to believe that the report is correct.

It is pointed out that under the law for public order promulgated in Havana some months ago it is absolutely essential that counsel shall be allowed to prisoners on trial, and that there shall be no secrecy in proceedings.

Under the protocol of our treaty with Spain there is likewise a provision for publicity in trials and for full representation of accused by counsel. It is believed in view of these provisions of law that the authorities at Havana would not make such a flagrant breach of law as the report alleges.

From further inquiries it is apparent that the reports concerning the Competitor's prisoners are at least based on a misconception of the nature of the present proceedings. They have not yet been placed on trial in the general sense of the word, the facts being that the Spanish authorities are making an examination of the Competitor cases similar to that provided for under our grand jury system, that is, a sort of preliminary examination.

The consuls and vice consuls of Spain in this country are investigating the claims of the persons arrested to American citizenship. For instance, one of the men claims to be a resident of Kansas and the consul for that district is engaged in an inquiry as to his citizenship, either by birth or naturalization.

From Spanish sources it is learned that there is no intention of dealing with the Competitor prisoners in a harsh or unjust manner.

GENERAL LEE INTERVIEWED.

He Does Not Believe That the Competitor Prisoners Have Been Tried.

WASHINGTON, Nov. 25.—Consul General Lee was at the state department again yesterday. When asked as to the report that the Competitor prisoners had been tried at Moro castle, contrary to a protest made by him before he left Havana, General Lee said:

"I do not believe any trial has occurred. If it had the facts would be speedily reported here by Vice Consul Springer. There have been some preliminary steps toward the trial and the depositions of the prisoners were taken, but further than this nothing has been done as far as I know."

When General Lee was asked as to the protest referred to, as having been made by him, he said it probably referred to the representations made by him before the first trial of the Competitor prisoners and renewed in the present instance, that the men being taken on an American ship, were entitled to a civil trial rather than a trial by court-martial, as provided in the treaty and protocol between the United States and Spain.

The consul general referred to an open letter from a Fredericksburg (Va.) editor to President Cleveland, which was published yesterday, urging the president to act on Cuba. Coming from a fellow townsman and a close friend of General Lee, some significance might attach to it, but General Lee said he desired to have it understood that he knew nothing about the letter and had nothing to do with it.

Maceo Sends Orders to the Junta.

JACKSONVILLE, Fla., Nov. 25.—Two of Maceo's lieutenants passed through here yesterday with sealed orders for the junta in New York. The men left Cuba in a schooner disguised as fishermen. They stopped over here for a short time to confer with local leaders, and this has caused rumors of an impending expedition. The men left for New York last night.

An Order For Dynamite.

ST. LOUIS, Nov. 25.—A local powder firm which makes the manufacture and sale of dynamite a specialty, received a wire message from its agent in New Orleans, asking for prices on dynamite. The request was for the price on 10 tons. The New Orleans agent intimated that the dynamite was wanted in New Orleans for shipment to Cuba as quickly as possible.

LURED TO HER DEATH.

A Girl Killed by Her Betrayer, Who Then Kills Himself.

INDIANAPOLIS, Nov. 25.—The dead bodies of Herman Meyers and Nora A. Richardson were found lying on the ground in front of a vacant house on Downey street yesterday morning. Each was lying in a pool of blood. A revolver was lying beside the corpse of Meyers. Two gaping wounds in the girl's back and one in her breast told the story of a murder, while a hole in Meyers' left temple indicated that he had killed himself after taking the girl's life.

Little is known of the couple, but from letters found on Meyers' body it is apparent that he had promised to marry the girl. All of the letters begged Meyers to make his promise good before her shame should become known. The letter of most recent date threatened him with prosecution if he did not speedily make good his word. It is supposed that they met Monday night and that the tragedy was the outcome of a quarrel.

The girl, the police found, was the only daughter of a well-to-do farmer living five miles northwest of the city. How the couple came to be in the distant and lonely part of the city where the tragedy occurred is a mystery, the only explanation being that Meyers lured her there for the purpose of murdering her.

NEBRASKA BANKS BURGLARIZED.

Twenty-Six Institutions Visited Within Forty Days.

BRAINARD, Neb., Nov. 25.—In the last 40 days 26 banks in eastern and southeastern Nebraska have been burglarized, with losses amounting to more than \$20,000. Officers representing different detective agencies, secret service men of the United States and railroad detectives, have all been trying to locate the band of safe-breakers, and four suspects are in jail at Brainard.

Hanover, Kan., where they were captured, was used for headquarters for the band to leave its booty and stores. Large amounts of money in gold and other property were found buried in the cellar of the house where the men were captured. Gold watches and valuable jewelry of all kinds were discovered in various parts of the building.

FOREIGN STRIKE EXTENDING.

Bremen Dockers Threaten to Help Their Hamburg Brethren.

HAMBURG, Nov. 25.—The dockers' strike threatens to extend from here to Bremen, where the men have announced that they would strike unless their employers conceded an increase of wages. The employers replied that they would give their decision in three days' time.

There are now 5,500 Hamburg dockers out on a strike, but the sailors are also disposed to strike for higher wages. The London Seamen's union has promised to support them financially and to refuse to discharge the cargoes of non-union vessels arriving from Hamburg.

His Last Spree.

SOUTH CHARLESTON, O., Nov. 25.—The body of Choney Roe, a local painter, was found lying dead upon the rear steps of the Citizens' National bank building here yesterday morning. Roe has been on a spree for several days, and it is supposed that he fell while ascending the rear steps, breaking his neck. His remains were taken charge of by the coroner. Roe is a son of Charles H. Roe, the shoemaker, and has resided here from boyhood. The case will be investigated.

WAGE SCALE SETTLED

Window Glass Workers Will Return to Work Dec. 15.

FIFTEEN THOUSAND AFFECTED.

They Will Receive Last Year's Wages, Although They Asked For an Increase of Ten Per Cent.—If the Tariff Is Changed There Will Then Be a Change in Wages Accordingly.

PITTSBURG, Nov. 25.—The differences between the window glass workers and the manufacturers, which has kept the factories of the country idle since May 30, were settled at a wage conference last night and 15,000 or more men dependent on that industry will be at work again on Dec. 15. When the two committees came together yesterday afternoon the manufacturers were firm in their determination not to pay more than last year's wages and the workers finally agreed. The scale is 10 per cent below that asked by the union at the opening of negotiations.

A proviso was incorporated in the agreement which stipulates that should the Dingley bill pass congress and an advance in tariff of 15 per cent result, the blowers and gatherers shall receive an advance in wages of 10 per cent. If the tariff advance should be less than 15 per cent these wages shall be adjusted in proportion. Should the tariff advance be more than 15 per cent, the wages of the four trades in the window glass business shall be readjusted in proportion to such advance.

The acceptance of the agreement by the wage committee of the workmen was given in opposition to the advice of Simon Burns, president of the union. He wanted the proposition submitted to a popular vote, and when this was rejected by the committee, Mr. Burns withdrew from the conference.

Some of the Indiana plants could be started within a few days, but as some of the factories in this district will require some time to get into shape, all have agreed to start on the same date—Dec. 15.

TRIED TO MOB SLATTERY.

The Ex-Priest Has Another Narrow Escape at Newark, N. J.

NEW YORK, Nov. 25.—It took all the police reserves in Newark, N. J., last night to save Slattery, the ex-priest, from being mobbed. He lectured in that city yesterday evening and at the close of the performance a crowd of some 1,500 gathered at the doors to wait for his appearance on the street. Slattery and his wife waited in the church until the crowd began to disperse. A guard of 25 policemen then escorted the couple to a cab that was in waiting. Then the cabman lashed his horse and attempted to break away through the mob.

Orders in the meantime had been issued for the police reserves who came double-quick to the scene of trouble. As many as 3,000 or 4,000 people were still massed together, the most of them with the sole purpose in view of reaching Slattery. It was a struggling, howling mob and the ex-priest drew a revolver. A shower of stones and other missiles greeted this action and until the end of his perilous journey Slattery was in danger from frequent attacks of this nature.

Slattery and his wife had just got safely aboard a train bound for New York when the crowd began to pour into the building. It was impossible then to do the ex-priest any harm as almost immediately the train steamed away.

SIXTEEN PEOPLE PERISH.

Disastrous Prairie Fire Sweeps Over the Seminole Country.

GUTHRIE, O. T., Nov. 25.—A disastrous prairie fire swept over the Seminole country yesterday near Rochelle. Sixteen persons, it is reported, were burned to death by the raging flames.

A Catholic mission was saved by the heroic work of Sisters Freda and Kirk. These two sisters fought the flames for two hours with blankets and saved the lives of 20 Indian pupils.

The fire was started by outlaws, who were fleeing from a posse of deputy marshals.

Most of the people burned were half breed Indians.

BATTLE WITH DESPERADOES.

An Outlaw Fatally Shot and an Officer Slightly Wounded.

LEBANON, Ind., Nov. 25.—As a result of a battle on the public square, Bill Woods, a member of the Miller gang of outlaws, which has long terrorized Lebanon and vicinity, was fatally shot. Officer Frost was shot, but not fatally.

For years the Millers have terrorized the town when they appeared and citizens have always taken to cover.

Recently the mayor issued orders to bring in the Millers, dead or alive. Officers Frost, Erick and Orme arrested Jesse Miller, John Paragon and Bill Woods, who attempted to rescue his companions.

St. Johns, N. B., Nov. 25.—A cable from Genoa, Italy, announced the death there at 5 o'clock last night of Governor Frazer of New Brunswick. Governor Frazer, after obtaining six months' leave of absence, left here on the first of the month. Deceased was one of the best known public men in New Brunswick, being at one time attorney general of the province and later supreme court. He was appointed governor three years ago.

MINISTER MURDERED.

Shot to Death and Robbed by Highwaymen at Decatur, Illinois.

SPRINGFIELD, Ill., Nov. 25.—Rev. James Miller, pastor of the Grace Methodist church, Bloomington, was found murdered at an early hour yesterday morning at Decatur, Ill., in the alley in the rear of Dr. W. M. Catto's residence, at the corner of Williams and Edwards streets, in the fashionable part of the city, with a bullet hole in the center of his forehead.

Rev. Miller had been in Springfield Monday and left for Decatur that evening, arriving there at 10 o'clock.

The supposition is that he walked up Edwards street to go to the residence of Dr. Catto, with whom he has been in the habit of stopping while in the city.

A man employed at one of the nearby residences states that he heard a shot at 11 o'clock or before. The body was found in the alley with the pockets rifled and a .28-caliber revolver lying by its side. Two powder burns were found on the face. Two ladies coming home from a party noticed two men standing in the alley and crossed the street to avoid them. As they did so a negro, who was on the opposite side of the street joined the two in the alley. The police have a fair description of the men.

Rev. Miller was formerly pastor of a church in Decatur. He was 60 years of age and has a wife and three children. A son, Dr. John Miller, resides in Decatur. He had been grand chaplain of the Knights Templar of Illinois for 20 years, and a great worker among the Masons. He attended the annual convocation of the grand lodge of Knights Templar in Chicago last week and was re-elected. He had been a member of the Central Illinois Methodist conference for over 25 years.

FRAUD ORDERS ISSUED.

Several Western Enterprises Forbidden the Use of the Mails.

WASHINGTON, Nov. 25.—The mails of several western enterprises have been stopped by the government on fraud orders just issued. The New York Telephone company, which was recently barred from the New York and Boston and Bedford Springs, Mass., postoffices, also operated at Chicago, and a fraud order against the concern there, where its quarters were 607 Masonic Temple, has been issued. The concern, whose chief promoters are said to be J. Grant Lyman and Henry C. E. Stuart, has operated extensively and numerous complaints of failure to keep agreements are on file.

Edicts also have gone forth against Albert P. Firestone of Logansville, O., for receiving remittances for goods promised, but never delivered, and C. C. Bart, alias Hi Williams of Detroit, an expelled Mason, conferring degrees for pay.

HEIRS TO FOREIGN ESTATES.

Secretary Olney Never Has Known of Genuine Return.

MARION, Ind., Nov. 25.—In reply to a letter from Congressman Steele, whose constituent was interested in the alleged Kronk estate in Holland, said to amount to \$75,000,000, and about which Mr. Steele was seeking authentic information from the state department, he has received a letter from Secretary Olney, which in part is as follows:

"This department has for many years been in receipt, almost daily, of letters making inquiries about the various estates in Holland, said to be of immense value. It is doubtful if there is money enough in Europe to pay the claims to estates in Holland alone, which have been presented to this department. In many instances families have spent large sums of money in the employment of agents and attorneys to recover alleged estates, but in no instance, to the knowledge of the department, has the least success attended their efforts."

VENEZUELAN COMMISSION.

They Are Ready to Report but Are Awaiting Arbitration.

NEW YORK, Nov. 25.—Andrew D. White, ex-minister to Russia, and member of the Venezuelan boundary commission, is in the city. In regard to the work of the commission, he said to a reporter:

"We are now in a state of suspended animation, but ready, if necessary, to make a report within a week."

"Will the report ever be made, now that arbitration has been decided upon by Great Britain and the United States?"

"I think not; but the commission has served a useful purpose, not because it was the best way to arrive at the solution, but because it has ushered in the true means of solving the problem."

Thanksgiving Day His Last on Earth.

COLUMBUS, O., Nov. 25.—The supreme court yesterday overruled the motion of Frank Tierney, the Erie murderer, for leave to file a petition in error, and unless Governor Bushnell interferes, Tierney will be executed in the penitentiary annex shortly after midnight Thursday. Tierney killed Frank Hupman on a railroad train about a year ago. The prison officials regret somewhat that the execution is to take place on Thanksgiving night, but the court, it is believed, did it unconsciously.

Colored Man Turning White.

MAYSVILLE, Ky., Nov. 24.—Henry Robertson, colored, is rejoicing over the fact that he will soon be a white man. The first indication of the change was the appearance of white spots on his legs. These have grown until some of them are as large as silver dollars. On his left shoulder there is a white spot as large as a man's hand. The spots are slowly growing.

MR. BRYAN'S POSITION

He Defines It in a Speech at Denver.

NO LONGER STANDARD BEARER.

His Earnest Desire That His Name Cease to Be Connected With the Clubs That Are Organized For the Continuation of the Work of the Recent Campaign. Colorado's Twentieth Anniversary.

DENVER, Nov. 25.—Hon. William J. Bryan was the principal speaker at the exercise commemorating the 20th anniversary of the admission of Colorado as a state, held last night in the Central Presbyterian church. The edifice, one of the largest in the city, was crowded in every part by a magnificent audience. The entrance of Mr. Bryan was the signal for prolonged applause and the waving of handkerchiefs.

Preceding Mr. Bryan's speech were introductory remarks by Hon. Charles S. Thomas, Congressman John F. Shafroth, Governor McIntyre and the "Bryan Marsellaise" was sung by Mrs. W. W. Grant and the choir.

At the close of Mr. Bryan's speech the Hon. Henry M. Teller, in responding to a call for a speech, pledged himself in a few remarks, in case of his reelection, to continue in his efforts in the cause of silver.

When Mr. Bryan was introduced he was again greeted with cheers and long continued applause. Among other things he said: "In a campaign it is necessary that someone should bear the standard and in a campaign we must, whether we desire it or not, connect the cause with the person. When the campaign is over that connection ceases. While the campaign was in progress I was the standard bearer and the cause could only be successful nationally through my election."

"When the election was over my connection with the cause in the representative capacity ceased, and I express it as my earnest conviction—aye, I give it as my earnest desire that my name cease to be connected with the clubs that are organized for the continuation of this work. I was taken up at the time of the convention, when others had been talked about. When the next time comes conditions may produce some one else, and we are entitled, when that time comes, to choose without being hampered by a campaign of four years connected with any human being in this country."

TWO KILLED AND THREE INJURED.

An Explosion in a Mine Followed by a Fire.

PRICE, Utah, Nov. 25.—A heavy explosion occurred at the St. Louis Gilsen Asphaltum company's mine near Fort Duchesne, at 3 o'clock yesterday afternoon, in which two men were killed and three others badly injured.

The killed are: Charles Anderson of Ashley, Utah, and Andrew Garms of Park City, Utah.

The injured men are freighters from Price, Utah, named Warren and Bance and one unknown.

The explosion was terrific, the report being distinctly heard at Vernal, 30 miles distant. All the buildings at the mine were shaken and many window glasses broken.

The explosion was caused by the combustion of asphaltum dust and gas, the mine immediately taking fire. The heat is so intense that it is impossible to get near it. The flames are rising from all three shafts 100 feet in the air.

Wool Merchants Want the Tariff Changed.

ST. LOUIS, Nov. 25.—The wool merchants of St. Louis yesterday took concerted action looking toward the securing of legislation believed to be for the betterment of the wool interests of this country are affected by the tariff laws.

At a meeting called for the purpose, resolutions were adopted declaring the Wilson bill a failure and requesting congress to promptly pass the Dingley bill. These resolutions were signed by the representatives of 30 wool firms and will be forwarded to Washington.

Lynching Probable.

LOUISVILLE, Nov. 25.—A special to The Courier-Journal last night from Paducah said: "It is probable that Jim Stone, a negro who was placed in jail here today, having been brought from Mayfield, Ky., to escape mob violence, will be lynched before morning. Stone is charged with assaulting Mrs. J. M. R. Greene, wife of a school teacher at Mayfield. Part of the lynching party is said to be already in the city while the remainder are expected to come on a late train tonight."

Reforms Being Executed in Turkey.

PARIS, Nov. 25.—At a cabinet meeting yesterday the minister for foreign affairs, H. Hanotaux, explained the situation in Turkey. He stated that the reforms affecting the Turks as well as the Christians were beginning to be executed in the provinces, especially the reconstruction of the mixed municipal councils and the amount of local taxation.

RICHMOND, Nov. 25.—An elector may be lost to the Democrats in Virginia by the same technicality that caused the board of canvassers to give Flood the certificate for congress in the Tenth district. Some of the votes intended for Charles M. Wallace, Jr., were returned without the "Jr." and others for C. M. Wallace, Jr. Five Republican electors had more votes returned than Charles M. Wallace, Jr., but as all five got the same number, the board has not decided how to award the certificate.

OHIO'S REMARKABLE VOTE.

Where Did They All Come From, Anyhow? And the Wonder Grows.

[Washington Post.]

The total population of Ohio, as estimated last year by the Secretary of State, based upon the calculated increase over the census of 1890, is less than 4,000,000—to be specific, 3,825,000.

The generally accepted theory, verified by statistics without number, is that the voters are to the population of any given State as one to five.

By that well-established rule the total vote of Ohio should have been 765,000. Ohio is a great State, however, for in 1895 it developed a total vote of \$40,506—nearly 100,000 more than she was entitled to under the one-fifth rule. The campaign was tremendously exciting. It brought out, as they said at the time, every voter in the State. Some skeptical persons suggested, in fact, that it brought out a great many thousands of voters from other States.

But this year the wonder grows. This year Ohio, responding to the clarion call of necessity, produces 259,494 more voters than it produced in 1895, when it astonished the world by its achievements in the voting line.

Where in the name of reason did these 259,494 extra voters come from? Did Ohio increase its population 1,000,000 within a year, or does Ohio depart from the 1 to 5 rule, and show, instead of that, 1 to 3½ as the proportion of her voters to her population?

SILVER ALONE

Would Have Elected Bryan. Reads Senator Chandler's Letter.

MANCHESTER, N. H., Nov. 21.—The Tippecanoe Club, one of the leading Republican organizations, celebrated the victory of November 3rd last night by a banquet held in City Hall. Among the letters of regret read was one from Senator Chandler, which read in part as follows:

"We rightly based our principal arguments against Mr. Bryan upon the wisdom of the immediate free coinage of silver by the United States alone, but I much fear upon that issue alone we should have lost States enough in the Mississippi Valley to have defeated McKinley. What, then, saved the fight? Simply the tariff issue. In 1894 those States made up their minds that they would break the power of the Democratic party and secure all needful protective tariff laws. That resolution they clung to, despite all attempts to change it, and the voters thus influenced saved us the election. Here in New Hampshire, at least, we are all united in favor of an adequate tariff."

MORE CIVIL SERVICE.

Office of Assistant District Attorney Now Protected by the Law—Difficult to Secure Jobs.

[Louisville Post.]

President Cleveland has shown his fine Italian hand again. His latest coup is an addition to Civil Service Rule No. 6. It reads: "Attorneys or assistant attorneys in all departments, whose main duties are connected with the management of cases in court."

This means that all the present Assistant District Attorneys appointed by him will continue to hold office until cause shall have been shown why they should be removed. It is also stated that the incumbents will not have to submit to an examination. This will apply to all except the United States District Attorneys, who are appointed by the President and confirmed by the Senate.

Hundreds of luscious slices of pie are, by this order, withdrawn from the hungry throng of Republican pie scramblers.

Courier-Journal: "The extension of the civil service laws during the administration of President Cleveland is causing the workers in the Republican party great uneasiness. They now fear that it will be difficult to secure good, fat jobs under the incoming administration. Of course there are many Federal offices which do not come within the scope of the present civil service law, but the civil service rules have been so extended of late years as to cover almost all the positions which pay from \$50 to \$150 per month. The question now agitating the men who worked so hard for McKinley in the campaign just closed is whether there will be found a way to get around the civil service laws.

"It is well known," said one of the faithful, "that the President and heads of departments have power to remove government officials without assigning cause, but they are unable to appoint whom they please to fill these places. They must go to the civil service list to fill the places and unless we stand the examination required and are high up on the list, we can not expect to get the pie."

"In Louisville many Republicans who were active in the last campaign are expecting to get into the Government service, but are sorely afraid that they will be shut out by the civil service."

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

LOUISVILLE TOBACCO MARKET.

Larger Sales of Burley and Prices Have Been Well Sustained—Colony Lugs Stronger.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 2,658 hhd., with receipts for the same period 908 hhd. Sales on our market since January 1st amount to 119,586 hhd. Sales of the crop of 1895 on our market to this date amount to 113,893 hhd.

Notwithstanding the fact that we had larger sales of burley tobacco last week, prices for such as have been in good condition have been well sustained. All colony grades have been closely watched and prices for these sorts have been very strong. Common hard, sweated and badly funk leaf and lugs have been irregular and lower in prices. There have been a few hhd. of new burley sold, the quality of which has generally been poor. Prices for the common grades of new, while low, are some stronger than the previous week. A few hhd. of fairly good leaf was sold, one hhd. reaching \$11. The colony sorts are strong.

The following quotations fairly represent our market for burley tobacco (1895) crop:

FIRE AT HIGGINSPOET.

J. E. Lyons & Co.'s Saw Mill Destroyed Monday Night—Loss \$25,000. Insurance \$12,500.

Higginsport was visited by a very destructive blaze Monday night at 10:30 o'clock.

Tim Russel, night watchman at the saw mill of J. C. Lyons & Co., discovered flames in the southwest corner of the building at the hour named. He ran to the office which is situated near by to awaken Mr. Lyons, the senior member of the firm, and before they could get the firemen on the scene the blaze was beyond control. The building was of light timbers and burned like tinder.

After the building was almost consumed the office roof caught and the heat from the mill building was so intense that it was almost impossible to gain an entrance to the office. Mr. Lyons had left the safe open with all of the books out of it. There was but one chance to save them and that was at the risk of his life. He heroically passed through the intense heat to the office. Having put the books all in the safe and closed it, he rushed out. As he did so, his coat caught fire and the flames came near burning it off of him.

The BULLETIN's reporter was on the scene half an hour after the fire was discovered, and had an interview with Mr. Lyons, in which he said that he and the other members of the firm were formerly from Ceredo, W. Va., that they had purchased the property about two months ago, had been doing well in the business and were making money. He thinks the fire was caused by an incendiary as it originated in the opposite side of the building from where the furnaces were.

The total loss he placed at about \$25,000, with about \$12,500 insurance.

When the alarm was sounded in Augusta the fire companies boarded the steamer M. P. Wells which Captain Edington kindly offered to carry them to the scene. All parties worked heroically to save the adjoining buildings, which they did. Nothing was burned but the mill building.

The Wells arrived back at Augusta at 12:30 o'clock and all went home feeling that they had done their duty to their neighboring city.

Marvelous Results.

From a letter written by Rev. J. Gunterman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

A SNEAK THIEF'S WORK.

A Valuable Diamond Stud and About \$17 Cash Stolen From Mr. Thomas Guilfoyle's Last Night.

A sneak thief made a pretty big haul at Mr. Thomas Guilfoyle's store, corner of Third and Bridge streets, last night between 9 and 11 o'clock.

A tin box in which Mr. Guilfoyle keeps his cash, insurance papers and other valuables was taken. He had left a diamond stud valued at \$140 in the box last night and the sparkler went with the rest of the contents.

Mr. Guilfoyle came down to the bazar about 9 o'clock, leaving the store in charge of his clerk, Mr. Jos. Fisher. The latter had occasion to step into the rear room during the evening, and was there several minutes. It is thought the thief watched his opportunity and sneaked the box out while Mr. Fisher was in the rear room.

The tin box was kept in a wooden box on a shelf near the stove. Mr. Guilfoyle takes it upstairs every night on retiring, and it was not missed until he returned about 11 o'clock. He at once notified the police and Constable Dawson.

The missing box was found by Mr. Guilfoyle and Policeman Davis near the elevators. It had been broken open and everything of value taken except the papers it contained.

Ike McAllister, colored, who loafs about the corner and the depot a great deal, was arrested and jailed on suspicion. He had but sixty cents in his pockets, and it is not thought he is the guilty person.

The job was evidently the work of some one who knew where the box was kept.

CINCINNATI Enquirer: "Arnold Barrish, a handsome and well-dressed young man, who arrived in Covington late in the summer and claimed to be an agent of the German Beneficial Union, of Pittsburgh, Penn., is missing from his boarding house at 707 Main street, and his landlady, Mrs. Mary Brinkman, a widow, is out for three weeks' board. It is said Barrish rented a room in Cincinnati, at 26 West Thirteenth street, tendered a check for \$31 to the landlord, who cashed it, only to find no money in bank. Barrish, while in Covington, was corresponding with Miss Lilly Stillberg, of Maysville, Ky., and was negotiating with her for the loan of \$100. He was also corresponding with a widow of Walnut Hills with a view to obtaining a loan from her."

VERY ENCOURAGING.

The Woman's Committee of the Y. M. C. A. Has Secured a Very Nice Sum to Aid in Furnishing the New Rooms.

The members of the Women's Committee of the Y. M. C. A., who during the past few days have been soliciting funds from the ladies of the city towards the furnishing of the new association rooms, met on Monday afternoon in the Cox Building when a report of progress was presented by the six canvassing committees as follows:

Collected to date in First ward, \$28.25; Second ward, \$28.20; Third ward, \$7.50; Fourth ward, \$21.95; Fifth ward, \$20.30; Sixth ward, \$12;—making in all \$118.20 secured in cash contributions.

The ladies were very much gratified with this most encouraging report, and as the canvas has been completed in only one of the six wards thus far, they hope to increase the furnishing fund to \$150 and, if possible, \$200 will be secured. If those who were seen and have promised to give, would kindly hand their subscriptions to the Treasurer, Miss Amy Plister, or to some other member of the Committee, previous to their next meeting which is to be held on Monday afternoon of the coming week, it would greatly aid the ladies. Every canvasser reported that, with very few exceptions, she had met with expressions of interest and hearty responses from the ladies solicited, and many had expressed regret because of their inability to give more liberally toward this most worthy cause.

The funds secured will be used mainly in furnishing the association reading room and parlor, and surely every lady in the city ought to feel interested in giving at least something toward this object. The larger part of the subscriptions have been in sums ranging from 25 cents to \$1.

The sub-committee on socials will meet in the Cox Building this afternoon at 4 o'clock, to plan for the opening reception in the new rooms, and the ladies forming the rooms committee will also meet on Friday afternoon at 3 o'clock to make arrangements for the rental of a piano and the purchase of furniture.
